APML Custom Export Guide for Malaysia

At APML, we are committed to delivering seamless international relocation services.

APML Export Customs Guide for Malaysia is designed to help you clearly understand the documentation and customs regulations necessary for a smooth export process. This guide is crafted to ensure compliance with customs prescriptions and to help you avoid delays or complications during your move.

Used Household Goods

Documents Required

- Passport copy with a valid work permit/visa page copy.
- Identity card (IC) – front and back page (for Malaysian citizens).

Customs Prescriptions

- The shipper must be the owner of the goods.
- All personal household effects (PHE) may undergo 100% customs examination.

Advisory

- Ensure all required documents are ready and comply with Malaysian customs regulations.

Work with APML experts for assistance with packing, documentation, and customs formalities.

By following this guide and leveraging APML's expertise, you can rest assured that your export process will be efficient, transparent, and stress-free. Let APML make your move to Malaysia hassle-free!
