ABOUT US

MOVING OSNABRUECK, GERMANY AND WORLDWIDE

For over 120 years, our owner-managed removal company in Osnabrueck has been your competent partner for moving and logistics.

Our movers are professionals in their field and will help you with your move - in all Germany, and worldwide.

OUR HISTORY

In 1900, **Heinrich Koch** from Glane founded a haulage business in Osnabrueck with a horse and cart. His reliability was the basis of his success. It remained so when his son Franz and his wife Paula took over the business and it still defines the company philosophy of Koch International today.

In 2010, the former removals department became an independent company, now Heinrich Koch Internationale Umzugs- und Archivlogistik GmbH.

In July 2013, Koch International moved into the new company headquarters on Fuerstenauer Weg in Osnabrueck:

-  modern logistics center with headquarters
-  12,000 m² transshipment hall
-  6,000 m² logistics hall
