Handling of pianos, billiard tables and the like. ****Please note that we do not arrange quotes for any Special services: i.e., handyman/carpenters, electricians etc (if required), as we do not have anyone that we use on a regular basis to call upon. Should these services be required, it will be the client or agents' responsibility to source quotes & or bookings for these services**** Please ensure to pay invoice in AUD \$\$ ensuring the invoice amount is received in full. Please note any shortfall will be billed back to your office for the actual shortfall amount plus a AUD\$25 administration fee will be applied on top (i.e. international transaction fees or difference in actual exchange rate etc).

Additional Notes:

A normal Border Force clearance is included in the above clearance rate. If Border Force order a physical inspection or impose any duties and taxes on this shipment these would also be additional to any quoted rates. Please note: If the goods are bequeathed, inherited, or gifted items, or the client is deemed as not eligible to claim concessional entry of goods via the UPE concession (By-Law No. 1700581), a Self-Assessed Clearance (SAC) or FID (Formal Entry) must be submitted with Australian Border Force. The cost to lodge an SAC is A\$220.00. The costs to lodge a FID entry vary from A\$700.00 - A\$1000.00 (depending on the scope of work required by the Customs Broker). Duty & GST will then be calculated by ABF once documentation has been lodged and payable to ABF in order to release the shipment. These charges will be advised when known and will be invoiced to either your account or client's account. Additional to these rates and should a FID be required for clearance of the goods, additional charges from DAFF would apply for issue of the required formal Direction to inspect associated with the entry. This charge is A\$330.00. If the items are bequeathed a copy of the will or a letter from the executor of the estate must be provided with documentation. Australian Border Force also require a valued inventory of the goods that client is importing in order to raise any Duty & GST assessments.

Important Information:

****If Destination Services are to be billed & paid in Australia, please note that GST will be applicable to all costs quoted.**

The above rates are for Agents Only, not for private clients** All cargo must be reported to customs 48 hours prior to vessel arrival at 1st port in Australia. Failure to do so will incur penalties. Please send all documents in advance to avoid penalties. All timber material used must comply with ISPM15 regulations, please provide supporting documents. All personal effects must be unloaded into an approved bond store for clearance. Therefore, we cannot deliver in lift van/import container directly to client's residence. **PBO SHIPMENTS - AGENT MUST SUPPLY DETAILED INVENTORY FOR PBO CARTONS AT LEAST 7 DAYS PRIOR TO VESSEL ARRIVAL. PBO SHIPMENTS WILL INCUR AN EXTRA AUD \$500 AS THEY WILL BE SUBJECT TO 100% INSPECTION UPON ARRIVAL.** **Important:** all motorised electric scooters and similar, including self-balancing ones, now require a vehicle import approval (or a letter stating that such a permit is not required) from the Department of Infrastructure, which should be obtained prior to dispatch. Delays and additional costs are likely to be incurred if any such vehicles are included in the shipment without prior approval. These items will also require a formal entry for clearance to be facilitated. The additional costs for this type of clearance would range from \$600.00-\$1000.00 via an approved Customs Broker. Duty/GST may also apply upon importation.

Importing Vehicles to Australia:

The Personal Imports Scheme allows migrants settling in Australia, and expatriate Australian citizens returning permanently to Australia after a long period overseas, to bring their personal vehicles with them. **Mandatory criteria apply under this scheme and is strictly enforced.** If you fail to meet the criteria, you will **not** be eligible to import a vehicle under the scheme.

CRITERIA: *(Applicants must satisfy each of the following ownership requirements).*

You must:

- Own the vehicle when submitting the application.
- Have acquired ownership of the vehicle from overseas.
- Have owned the vehicle while overseas.
- Have owned the vehicle for a continuous period of at least **12 months** (This is the "qualifying period").

The qualifying period must have occurred immediately before you (permanently) arrived in Australia.

- The vehicle must have been available to you for use in transport. *(This means that the vehicle must have been available to be driven by you, at all times during the 12-month qualifying period).*
- The vehicle should be registered (in your name) and garaged (proximate to your residence) throughout the 12-month qualifying period, so that you could, if needed, drive the vehicle.
- In addition, you must have held an appropriate licence to drive the vehicle overseas.
- Applicants must have been a resident in a foreign country (throughout the qualifying period of 12 months' ownership and use of the vehicle) but now intend to become Australian residents on a permanent basis and remain in Australia indefinitely.

Note. The Personal Imports Scheme only covers individuals. Companies or corporations are not eligible to import a vehicle under the scheme. Note. The Personal Imports Scheme does not cover temporary Australian residents. Visitors such as tourists, posted diplomatic personnel and posted military personnel are not eligible to import a vehicle under the scheme.

Please Note: The client needs to obtain a Vehicle Import Approval from The Department of Infrastructure prior to shipping the motor vehicles & motorbikes from origin. This can be obtained via the following link -
<https://www.infrastructure.gov.au/infrastructure-transport-vehicles/vehicles/importing-road-vehicle-australia>

ELECTRIC BIKES /SCOOTERS – NON-ROAD MOTORISED ITEMS:

The legislation on bringing electric bike, scooters or motorised items that are not for road use into Australia has changed. Clients will need to apply for an advisory notice to bring any Electric bikes, electric scooters, golf carts, mini-bikes, Segway's, quad bike, golf carts, agricultural machines, and motorised mobility devices into Australia. Clients must apply for the advisory notice as the owner, we cannot apply on the client's behalf. Applying for an Advisory Notice proves the client has checked with the department that the item has been assessed and is not a road vehicle and as such does not need an import approval.

Seasonal Measures for BROWN MARMORATED STINK BUG (BMSB) Risk Season:

Please refer to the below link to see if your country is subject to the treatment laws, as imposed by DAFF for imported goods into Australia during the BMSB Season.

www.awe.gov.au/biosecurity-trade/import/before/brown-marmorated-stink-bugs

Should you fall under this category, treatment can be carried out prior to export via any approved Offshore BMSB treatment provider. A list of these affiliated companies can be found via:

- www.awe.gov.au/biosecurity-trade/import/before/brown-marmorated-stink-bugs/offshore-bmsb-treatment-providers-scheme

Payment Terms:

***Pre-approved agents - 30 days credit from invoice date (Agent must have signed agreement in place with Chess Moving Brisbane).**

Agent must advise if an agreement is in place, when initial pre-alert is sent, confirming that we will be managing Destination Services on your behalf). *Non-Approved Agents - Payment for DA Services must be made upon receipt of invoice. *Agent must include in pre-alert, if any charges are to be billed to client, otherwise all charges will be billed to Origin Agent, and it's then your responsibility to invoice client directly for "said charges".

Rate Validity

60 days from quotation date (Non-Peak Season DEC/JAN)

Documents Required for Customs Clearance:

Completed Australian customs form (B534) - PDF attached.

Descriptive inventory.

Copy of passport (photo page and Australian visa where applicable).

Non-citizens must have a valid Australian visa to import personal effects.

Clearance Times:

Please allow approximately 2-3 weeks for Airfreight & 2-4 weeks for Sea freight from the date of collection from the wharf to finalise Customs, Quarantine, and delivery. During this period no storage charges will be applicable.
