## Niemi is Finland's leading moving services provider

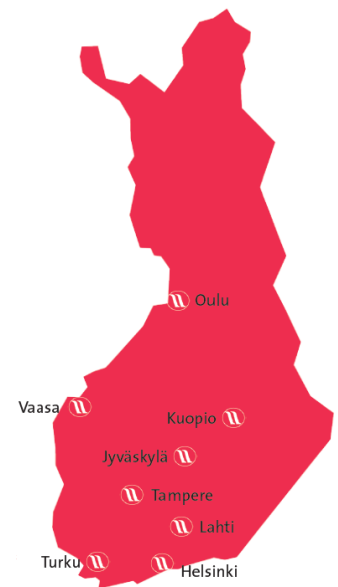

We trust you value the importance of quality, expertise and reliability. That's why it's important to choose the right partner in Finland. We are a family business where customers and personnel are our main priority.

Through our 8 locations across Finland and 5 business units we execute approximately 36,000 moves and 62,000 other service projects each year.

With nearly 1,300 trained service professionals and over 150 vehicles Niemi is Finland's largest moving services provider.

### Some of the great reasons to choose Niemi with confidence are:

- **98,5%\*** of our customers are willing to recommend our services
- Niemi has **the best corporate image** in the Finnish moving industry for 17 consecutive years based on an independent external survey\*\*
- Services are delivered inhouse without subcontracting
- Our **own office network** means less time consumed and costs associated with traveling to and from customers across Finland
- Each Niemi location has its **own warehouse** so we can arrange local storage closer to customers
- Niemi operates Finland's **most comprehensive and cleanest fleet** of vehicles specifically equipped for removals, all without a drop of fossil fuel
  - Our vehicles run on biogas, Neste MY diesel (produced 100% from renewable raw materials) or electricity

### Leading the way

Today's customers demand clearer actions from their service providers. As the market leader we also want to show the way in terms of [responsibility](#).
