Passionate International Squad,

delivering service excellence!

- Ensure the name is exact as per Passport
- Please request shipping lines to mention 14 days free (in FCL shipments) container detention at destination port and the same should be mentioned in the description of the BL copies.
- Air shipments AWB should reach us at least 24hrs to 48hrs in advance., considering working days.

If the bike is not under a transfer of residence then in addition to the above, customs will require a **certificate of export** and a **production certificate**. Further, the bike needs to be a brand-new bike [800 CC or more] and straight from the showroom. If not, then very heavy fines and penalties will be levied on a used bike.

Please note that the procedure for importing a bike or car into India is not only an extremely tedious process but is also very expensive. It also requires the shipper to make frequent personal visits to customs. Unless it is a Diplomatic shipment the procedures are highly cumbersome and long drawn out. Please advise your shipper accordingly.

PLEASE SEND US THE AUTOMOBILE / BIKE PAPERS BEFORE EXPORTING SO THAT THE SAME IS VERIFIED BEFORE DESPATCH.
PLEASE DESPATCH ONLY AFTER WE GIVE YOU A CONFIRMATION.

EXPORT:

We require following documents

1. Registration Book (Should be in the Shipper name and period should be more than 12 months in possession).
2. PUC should be valid / Valid Insurance.
3. Original Invoice of the Bike.

Customs Clearance period:

Used HHGS via Sea freight i.e. FCL/Groupage: 4 to 7 working days. Customs inspection takes place in the port and delivery of shipment up on completion of the same. Our destination service includes normal clearance, delivery to client's residence, stair carry till 2nd floor in case few items do not fit in the service elevator, long carry up to 50 meters, offloading, 100% unpacking on flat service, simple/basic reassembly of used furniture dismantled at origin, removal of debris on day of completion of unpacking.

For unaccompanied air freight: 2-4 working days – delivery can be arranged during weekdays / working hours only

Important note:

- In case the shipment arrives on a Friday or Saturday or Sunday, which are the weekends in India including public holidays where public offices/Ministries are closed as well, there will be a possibility of delay in customs clearance and chances of port Storage/demurrage to incur. All these additional charges will be to the actual consignee's account unless otherwise specified, which should be paid prior to delivery of shipment.
- All importation of Household Goods and Personal Effects go through X-Ray scanning during Customs Clearance hence please avoid the following items in the shipment :

Failure to adhere to the above will lead to long delays at customs, huge penalty and / or possibility of returning the shipment to Origin country and charges of which will have to be borne by the Shipper/owner of the shipment.
