The Power of the World

It is important to do a walk through inspection of your house with our team both prior to packing/delivery and upon completion.

When performing these inspections - please note any damage that previously existed (DBR)

It is also necessary to note any damage to the residence at the completion of loading or offloading.

Any property damage to residence at origin or destination must be noted at the time of loading or offloading.

It is important to note that jewelry and currency is not the responsibility of BOS LOGISTICS (PTY) Ltd

This is due to the disruptive nature of moving, it is a time when small valuables can be misplaced.

Our crew will point out and discuss any items they may see to be of concern.

It is the responsibility of you as the owner of the goods to make sure that nothing is left behind. Please make sure you check all closets, garages and attic areas, etc, before signing below.
