Description:

This auction is for a group of approximately 140 Chromebooks Majority are Lenovo model N23 Chromebooks. There are some Lenovo 100e, some HP and some older Dell Chromebooks as well as a few possible other miscellaneous brands/models. There are two boxes of chargers included. Most chargers look to be for the Lenovo N23 and Dell Chromebooks. The other Lenovo models and the HP models require USB-C chargers and those kind of charger are NOT included.

These Chromebooks have 11" screens and built-in cameras.

Approximately half of these Chromebooks are Lenovo model N23, but there are some of different models and brands included.

There are approximately 140 Chromebooks included in this lot with two copy paper boxes full of chargers. We can not give a count of the number of chargers in total. It is estimated that there are not enough, or the correct kind of, chargers for every Chromebook.

Most of these Chromebooks have some sort of malfunction and were removed from service. All have wear and many may have damage. It should be considered that these Chromebooks will need repair or may only be good for parts. Several Chromebooks were tested to power on and were reset for first user sign-in, as can be seen in pictures.

All of the devices are used and show signs of wear ranging from light to heavy. All units have bar-code labels on the bottom and many have stickers or other labels applied.

Devices have been released from our Chrome management system. Sometimes the release does not fully complete correctly. If any units are found to still be enrolled, buyer can contact us with the unit's serial number and we will gladly help to try and clear them from our management console again.

Chargers included are probably only compatible with the N23 and Dell model Chromebooks.

All of these units are used and are being sold as-is. Condition is unknown. Devices may have unseen damage, missing parts and/or broken exterior or interior parts.

Payment and pickup of all items is required within five business days after the auction ends. Please see below for more payment and item pick up details.

Please see pictures for items included and condition. All have been in storage for some time and may have wear or damage.

All quantities and conditions described in this listing are estimates. All items and parts in this lot are sold "as-is, where is." There is no guarantee on condition or functions of any of these items. Please see pictures for the items in the auction. There is no guarantee that any of these items will be compatible with any other equipment. Sellers are not responsible for any errors in item listing or descriptions.

We will NOT ship any item. (No Exceptions)

NOTICE: If you are an employee of the district, do not bring this item back into the district for use. The Technology Department will not provide support for it.

Our hours are Monday - Friday 8 a.m. to 3 p.m. Please arrange pickup at least 24 hours in advance.

Condition of all items in auction is unknown. Buyer is encouraged to schedule an appointment for inspection of items.
