

Please see below breakdown of items and associated costs;

1. 1x Skull - *DIMENSIONS; 2570mm X 1600mm X 1140mm. Fibreglassed shell with metal framework inserted inside. Bungee system included to allow movement of both jaw and head. Stand made from box section with wheels for ease of transport. Our only concern here is the weight as the shell alone will weigh around 50-55kg plus the weight of the framework will bring the total item to around 70kgs.*  
£14,057.35

2. 2x Skull Tower - *DIMENSIONS; 4300mm X 1500mm. To be cut with polystyrene and coated in polyurethane. Model will be split into three sections with each section slotting together with box section in three meeting points. Bottom section will have ballast sunk into the model. Section size TBC. Candles will slot into the model and be attached with velcro. Design to change so skulls on top tiers are larger and placed sporadically, currently at £10,006.11 for both.*

3. 2x Stained Glass windows - DIMENSIONS 3500MM X 1700MM. Backing to be made using 12mm plywood. Stained glass window dimensions 2500mm x 700mm Shelving on either side and under the window using 18mm ply. Rock effect side of window and bottom using polystyrene and polyurethane coating. Window made using unbreakable clear acrylic with a vinyl translucent print, design tbc. Candles attached using velcro. Item transports as one using swivel castor wheels and handles at the back of prop. Design to change the model to look more like jagged rock on the sides of the window.

£6,361.65

4. 2x Large Pillars - DIMENSIONS; 4000MM x 700mm. Made using polystyrene and a polyurethane coating. Model made in three sections which attach together using box section. Bottom section to have ballast sunk in. Candles sunk into the model and attached with velcro. Design signed off with client.  
£5,679.55

5. 2x Small Pillar - DIMENSIONS; 2800 x 490MM . Made using polystyrene and a polyurethane coating. Model made in three sections which attach together using box section. Bottom section to have ballast sunk in. Candles sunk into the model and attached with velcro. Design signed off with client.  
£4,630.41

6. 8x Small Floor Skulls - *DIMENSIONS; 1mx1m. Made from polystyrene with a polyurethane coating. Bottom will be flat, small weight to be sunk into the model. Candles sunk into the model and attached with velcro. Design signed off with client. Total price £9739.39*

#### Floor Candle Board

*DIMENSIONS; 900 long x 450 deep x 20mm high. Made using a 6mm ply and skinned with a foam board, handcarved and coated in polyutherane. Candles sunk into model and attached to ply with velcro. Height can be altered if required. £663.95.*

**Total Cost: £51,138.41**
