WHO WE ARE

Dad's is Manila's premier Moving and Storage Company, founded by a number of seasoned veterans who have worked in this market for decades. Our aim is to ensure the best possible service for each of our clients while at the same time providing rates that are fair and competitive.

Dad's Moving and Storage, Inc. is a company firmly rooted in a sense of family values. In fact, the name itself is derived from the acronym created by using the first letters of the names of each of my family members: Danielle, Aidan, Dominique and Stan.

At Dad's we combine the very best of the new and the old when it comes to the experience of our customer service representatives as well as our packing crews.

If you've got a moving challenge for us, just give me a call. I'm on duty 24/7. After all... I'm a Dad.

Stan Hilker
Founder

With our family touch and experienced team, Dad's aims to provide customers a stress free moving experience from start to finish.

TESTIMONIALS

Amiel Herrera

My wife and I have used Dad's multiple times and each time they provide the utmost quality, efficiency, and professionalism! Each team member goes above and beyond, catering to every request. We will continue to use Dad's for all our moving and storage needs, and refer them to everyone we can. A+++ service!!!

David Toze

Thanks to everyone at Dad's Moving. Our shipment arrived in full and without a single breakage. The packing out was as careful as it was efficient, and the delivery here to our home was equally careful and efficient. Both companies employ excellent personnel!

Abraham Jose

The eight people who came for the moving, managed the entire activity professionally and in good time. All items were packed neatly and carefully, marked to identify what was inside. They disassembled the furniture and assembled them quickly. What couldn't fit in boxes were wrapped in black plastic film and all items moved, loaded, transported and unloaded with care. We had a very good experience with the crew. Definitely recommend them.

Nikki Hume

Dad's Moving made my whole move easy and seamless. From the initial consultation via video call to the packing and move-out date, the crew at Dad's was exceptional. Victoria, the booking agent, was professional, knowledgeable, and consistent in her communication with me. The crew for packing and moving was organized, flexible, and efficient, and together they made my move door-to-door seamless. I would highly recommend DADS moving for your in-town, local moving needs.

Gina Estayo Gloria

I highly recommend Dad's Moving & Storage Inc. The service was smooth from the moment I contacted Ms. Cindy Locadio (she always responds to my texts or calls) to her visit to assess & the people who came to pack & deliver to our designated storage. Special commendation to Pepe Franciste the team leader who directed the on-site staff & he personally packed those delicate & fragile furnitures & items. Came on time, worked efficiently, took breaks accordingly. The whole mover experience was painless. I highly recommend them & will definitely use their services in the future. Thank you for helping our family pack 26 years of our things...

Brock Donald

These guys are great. Not only are they great value, but perfect service in my opinion. Highly recommend for either office or home relocations :)
